Dear Race Organiser

Race: Parwich Panoramic Five

Date: 04/08/15

County: Derbyshire

Category: CS/8.5km/200m

Championship:

Your race will probably now be over, the results completed and you will be looking forward to a well earned rest. I hope all went well on the day, but just before you put your feet up, could you please spare a little more time to inform the wider fell running fraternity of your race and also take the opportunity to further promote your event.

As you are probably aware, 'The Fellrunner' magazine, with three issues a year and published by the Fell Runners Association, not only contains many articles and features, but also a comprehensive report and results section. I would like to include the results together with an interesting report of your race in the next issue.

Would you please, therefore, complete the results section below but just as importantly submit a report (no more than 400 words please) in the space below. Alternatively, a separate results sheet and report may be submitted, either by post (to the address above) or email (resultsfra@aol.com), please keep documents in WORD format, all I ask is that whatever is submitted can be easily read and understood. The report is your opportunity to inform a much wider audience of the success of your event and any other interesting aspects of the day.

Please note photographs should be sent directly to the Editor. We do not search for results and reports on websites, if you would like your results and report in 'The Fellrunner', then you must send them directly to us.

Yours sincerely

P.S Last date for receiving reports and results for inclusion in the next issue is

David Weatherhead

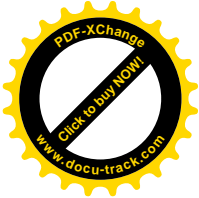

REPORT (400 words maximum please)

The Parwich Panoramic 5 again had a great turn out with runners coming from far and wide. The conditions were almost perfect but unfortunately it rained slightly in the afternoon making the course slippery in some areas. The women's course record was beaten by 3 seconds despite Diane mentioning she had to stop and retie her lace twice during the race. Ian Phillips seemed to lead from the start but there were battles for places further down the field.

Signed Nia Linnell
